Dear Sirs

Roads Under No Opening (Aug 2003)

- 1 Roads are resurfaced or upgraded in order to lengthen the pavement life and to improve the riding quality. Each year, LTA invests huge amount of money on the carriageway so as to achieve these objectives. To ensure that the investment is well protected, LTA will not allow the newly resurfaced road to be opened up within a year from the resurfacing date and newly upgraded road within two years from the project completion date.
- 2 As for the Private Estate Upgrading Project where the Street Print is laid, the LTA will impose five years no opening period from the project completion date.
- 3 Attached is the list of roads under no opening period. We would appreciate it if you could circulate the attached list to your members.

Yours faithfully

Ng Yat Siang
