Dear Sir,

PLAN SUBMISSION INVOLVING RELOCATION OF LAMP-POST

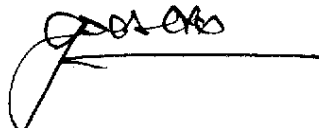

1 In our effort to streamline approval procedures, we have reviewed the work process for relocation of existing lamp posts affected by development proposals.

2 We will require the Qualified Persons to indicate on the proposed layout plan as early as at the DC submission stage, for any proposed new locations of lamp posts, if existing lamp posts are affected by its proposed development layout. The Professional Engineers will follow up with the engineering plans submission indicating the approved position of the relocated lamp-posts.

3 We would like to emphasise that the QP shall co-ordinate and liaise with all other technical departments, including NParks, on whether the new lamp post locations are acceptable to all parties.

4 Please disseminate the information to the members of your organisation.

Yours faithfully

GOH KOK HWA
