Dear Sir

**REVISION TO APPLICATION OF WATER SUPPLY**

Currently, PUB requires all water supply applications exceeding 1000 m<sup>3</sup>/mth to submit a detailed breakdown of the water consumption for our evaluation and assessment of possible areas of water conservation. PUB has reviewed this requirement and is glad to advise that with immediate effect, this requirement will only be applicable for non-domestic premises.

2 All water supply applications for domestic premises are not required to submit the detailed breakdown of the water consumption. This will help to expedite application of water supply for such premises and reduce paperwork for all parties.

3 We would appreciate it if you could disseminate this information to your members.

4 You may contact our engineers, Mr Thomas Pang at 67313556/98772677 or Mr Lim Chee Leong at 67313574/98797669 should there be any need for clarification.

Yours sincerely

MAJ (NS) NG HAN TONG  
ASSISTANT DIRECTOR (CONSERVATION & INSPECTORATE)  
for DIRECTOR  
WATER DEPARTMENT
