Dear Sir / Madam,

PUB (WRN) ADVISORY NOTE ON PREVENTION OF DAMAGE TO THE SEWERAGE SYSTEM

Since Jun 2006, PUB has published an Advisory on "Prevention of Damage to the Sewerage System". This advisory is also attached to the CBPU's Clearance Certificates issued to the QPs.

2 We wish to inform you that the advisory has been revised and made available on the PUB website at <http://www.pub.gov.sg/general/Pages/PreventionofDamage.aspx>. QP may refer to the website for information pertaining to the prevention of damage to the sewerage system and the procedures for seeking approvals for submissions etc.

3 We would also like to highlight our public educational brochure "Safeguarding Sewerage Infrastructure at Construction Sites" which you can view at PUB website: <http://www.pub.gov.sg/mpublications/Pages/WaterReclamationBrochures.aspx>. The brochure shows the common violations that should be avoided at construction sites as they may disrupt the sewerage system.
