Dear Sir / Madam,

**ENHANCEMENT TO SEWERAGE INTERPRETATION PLAN (SIP)  
- SEWER AND MANHOLE IDs**

1 Sewerage Interpretation Plan (SIP) is currently required by QP and contractors to help plan their proposed works. To facilitate QP and contractor's easy reference to identify particular sewer and manholes, we are pleased to inform the industry that PUB has enhanced the SIP to better serve your needs. With effect from **18 Jan 10**, all sewers and manholes in the SIP will have an identification number (ID No.).

2 These sewer and manhole ID No. shall subsequently be used in all plans and correspondence to be submitted to PUB or CPBU (NEA). This include CCTV reports (where needed) on the pre and post condition of particular sewers/manholes.

3 If you have purchased a SIP from CBPU (NEA) from 18 Oct 09 to 18 Jan 10 which is without the sewer and manhole IDs stated, please email to [pub\\_wrn\\_corenet@pub.gov.sg](mailto:pub_wrn_corenet@pub.gov.sg) to request for the IDs for the sewers/manholes within your development lot or adjacent to the proposed works. For SIP purchased prior to 18 Oct 09, we advise that new SIP be obtained.

4 If you need any clarification you may contact our officers directly at 67313256, 67313245 or 67313264. Thank you.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Tan Chee Hoon', with a stylized flourish at the end.
