

Ref No. BPU/01/2019

Date: 12th February 2019

Owners, Developers, Architects, Engineers, Contractors and Builders

Dear Sir/Madam

CODE OF PRACTICE ON SURFACE WATER DRAINAGE – 7TH EDITION

We would like to remind you that the 7th Edition of the Code of Practice on Surface Water Drainage has been implemented since 1 Dec 2018 and can be downloaded from PUB's website via the link: <http://www.pub.gov.sg/compliance/industry/codeofpractice>. Should you have further queries, please contact Mr Calvin Ong at Calvin_Ong@pub.gov.sg.

2. With the 7th edition, we have adopted the use of the Singapore Height Datum (SHD) to be in line with SLA's circular No 2/2015 issued on 11 May 2015. QPs are encouraged to use SHD in their submissions where possible. We note that some QPs may have already prepared their submissions based on Mean Sea Level (MSL) for reduced levels. To minimise the impact to QPs, PUB will continue to accept submissions prepared using MSL (i.e. mRL) or SHD provided the plans are clearly endorsed with the datum that is being used.

3. Thank you.

Yours faithfully,

Goh Pin Cheh
HEAD (Building Plan Unit)
