Dear Sir/Madam

Fees payable for application for approval of plans for façade Addition and Alteration (“A&A”) works by the Commissioner of Building Control (“CBC”)

This circular informs you of the fees payable for application for CBC’s approval of plans for facade A&A works and the procedure to apply for such fees.

2 The current fee for application for CBC’s approval of plans for façade A&A works, as prescribed in the Second Schedule of the Building Control Regulations 2003, is a sum calculated at a rate of \$200 for every storey of general building, \$400 for every storey of non-residential building, and \$400 (fixed amount) for specified building. Examples of façade A&A works include building works for the installation of sun breakers, sunshades, rain shields and screens, and clothes drying racks.

Fees for approval of plans for façade A&A works

3 Going forward, in cases where CBC assesses to be appropriate, the fee payable for an application for CBC’s approval of plans for façade A&A works may be computed at a rate of **\$500 per typical design per building**, regardless of the building typology and number of storeys of the building where the proposed façade A&A works will be performed.

4 A developer may apply for a modification of the current fee payable for an application for CBC’s approval of plans for façade A&A works by applying for a modification of the fee prescribed in regulations 5(1), 6(1), 7(1) of the BC Regs. The developer may, through the qualified person appointed by him, submit the modification application through “BCA-BP-Waiver application” (e- form BCA-BP-WVBP01) in CORENET or apply under ‘Waiver/ Non-compliance’ to BCA in CORENET X. A hard copy application form is also provided in **Annex A**. An application for a modification of the fee prescribed in regulations 5(1), 6(1), 7(1) of the BC Regs must be accompanied by a fee of \$100 and the details of the design(s) of the proposed façade A&A works.

Implementation Date

5 The fees for approval of plans for façade A&A works above is available from 21 May 2025. It will be applicable for façade A&A works to be carried out on or after 21 May 2025 and for which no application for CBC's approval of plans has been submitted before 21 May 2025.
